In Attendance- Brian Talyat, Mike Wallerstedt, Ron Hau, Tom Amosson, Tracy Huk, Dave Schimberg, Dan Prentice, Jason Ainsworth

Welcome & Prayer

Maintenance Report- Jeremy Lutz submitted his monthly report to the group. We did ask Tracy to see if Jeremy can get us an estimate on the cost of replacing all of the ceiling tiles in the church basement. If it's not too costly, we would look at getting volunteers to install them.

Tracy Huk- Business Manager

Tracy has been working on getting the windows replaced in the office that their seals are no longer good. She also is working on getting estimates for new single doors in the social hall that would replace the double doors. These new doors would have a tighter seal and prevent water coming in when we get hard rains.

Old Business-

Mike Wallerstedt gave us an update for the refinishing of the church pews. The group agreed that not keeping the book holders and the end caps on the pews makes sense when they are refinished. We are still looking at the color of the finish that would make sense.

Brian let everyone know that Brett Seelman, the landscape architect we have been working with, will present his design to the committee at our June meeting.

We reviewed our long-term capital improvements spreadsheet and determined there are no major items in the coming years that will need to be addressed. We will continue to review this every few months.

New Business-

Tom Amosson went over the proposal from the neighboring property who is wanting to grade their property which would cause more rain runoff onto our property. Tom feels that our retention basin is already at capacity and this would create issues. We voted to not approve the neighboring property's request.

We will walk the outside of the church property at our May meeting to look for items that may need attention.

Announcements- Next meeting on Thursday May 1, 2025 @ 5:30 pm, Parish Library
